# Word Problems

Answer the word problems. Draw pictures to show your understanding.

1. Sam had 4 apples and got 7 more. How many apples did he have in total?

A large, empty rectangular box with a black outline, intended for drawing a picture to illustrate the solution to the first word problem.

2. Mary had 17 oranges. She gave away 6 to her friends. How many did she have left?

A large, empty rectangular box with a black outline, intended for drawing a picture to illustrate the solution to the second word problem.

3. Polly had picked 12 strawberries and her brother picked 12. How many did they have altogether?

A large, empty rectangular box with a black outline, intended for drawing a picture to illustrate the solution to the third word problem.
